Deputy Mayor Montero stated they were very excited when John and Tammy Shegerian approached the city on this endeavor and added they were a prize for the city, and along with President Duncan thanked the Shegerians for their business and the check (3 - 0).

(9:15 A.M. "A") AWARD AN INTERIM CONCESSION CONTRACT FOR OPERATION AND MAINTENANCE OF CAMP FRESNO AND CAMP FRESNO JR. AT DINKEY CREEK TO DENNIS AND KIMBERLY BEARD

1. DISCUSSION AND DIRECTION TO STAFF REGARDING AWARD OF THE CONTRACT - COUNCILMEMBER BOYAJIAN
Parks Manager Dean gave an overview of the issue, all as contained in the staff report as submitted, and recommended an interim contract be awarded to the Beards until staff "gets on top" of all the improvements that need to be made at the camp.

Councilmember Boyajian advised he scheduled his part of the item to allow past camp operator Nancy Omachi to speak to the issue but she was not present, whereupon Interim City Attorney Sanchez advised his office received a call from Ms. Omachi's attorney who indicated they would not be making an appearance this date and they would not be objecting to Council moving forward with staff's recommendation.

Speaking in support of staff's recommendation were: David Miller, 2616 E. Palo Alto, and Karl Weiler, 6528 N. Delbert.

Mr. Dean responded to questions of Councilmembers Calhoun and Boyajian relative to what the return was to the city from Ms. Omachi and what it was prior to her, the return from the Beards, reason for the price difference between Ms. Omachi's and the Beard's surety bond, two complaints received during Ms. Omachi's operation, concern with the concessionaire's pay/camp needs and items the concessionaire needs to fix/the concessionaire being in a precarious position, the city's obligations, and if the city was receiving revenue during Ms. Omachi's operation.

(9:15 A.M. "B") CONSIDERATION AND ADOPTION OF MATTERS RELATING TO AUTOMATIC FIRE EXTINGUISHING SYSTEMS FOR ALL NEW OCCUPANCIES (FIRE SPRINKLER ORDINANCE)
1. RESOLUTION NO. 2006-174 - ADOPTING FINDINGS REGARDING LOCAL CLIMATIC, GEOLOGICAL AND TOPOGRAPHICAL CONDITIONS THAT SUPPORT AMENDING THE UNIFORM FIRE CODE AND UNIFORM BUILDING CODE TO REQUIRE THE SYSTEMS IN NEW RESIDENTIAL OCCUPANCIES AS SET FORTH IN BILL NO. B-64
2. BILL NO. B-64 - ORDINANCE NO. 2006-66 - AMENDING THE FRESNO MUNICIPAL CODE RELATING TO REQUIRED INSTALLATION OF AUTOMATIC FIRE EXTINGUISHING SYSTEMS FOR ALL OCCUPANCIES

Chief Bruegman gave an overview of the issue, all as contained in the staff report as submitted, and recommended approval.

Speaking in opposition to staff's findings and position and to issues the city will be faced with if the ordinance is adopted were: Mike Prandini, Building Industry Association, who also submitted a letter into the record, on file in the office of the city clerk, and Attorney Michael Shonafelt and Registered Fire Protection Engineer Michael Slifka on behalf of the BIA.

Councilmember Westerlund stated the BIA's letter was untimely noting this matter had been discussed for a long time, and presented questions relative to other jurisdictions in California that have fire sprinklers and if staff was aware of the argument that the city would be pre-empting the UBC, with Chief Bruegman responding. Councilmember Westerlund spoke to the issue including how fighting fires in Fresno is different from northern California cities and to the city's air quality issues, stated there was ample justification for the ordinance and added based upon the testimony of the BIA's expert witness, Mr. Slifka, they make the case that homes should be entirely sprinklered, and made a motion to approve staff's recommendation, which motion was seconded by Councilmember Calhoun. President Duncan spoke briefly to the challenges of the fire department and the resources needed to adequately protect the city and stated this was a safety issue.

Interim City Attorney Sanchez clarified for the record that Council had clear discretion under state law to depart from the UBC when the findings could be made, and the city and the area being in an overdraft situation and relying on an underground water supply for its' fire response also added to the necessity to have these supplemental resources to fight fires.

On motion of Councilmember Westerlund, seconded by Councilmember Calhoun, duly carried, RESOLVED, the above entitled Resolution No. 2006-174 hereby adopted, and the above entitled Bill No. B-64 adopted as Ordinance No. 2006-66, by the following vote:
Ayes : Boyajian, Calhoun, Westerlund, Duncan
Noes : Dages, Perea
Absent : Sterling

(9:15 A.M. "C") PROGRESS REPORT ON COUNCIL DIRECTION TO STAFF TO MEET WITH PUBLIC SCHOOL DISTRICTS AND PRIVATE HIGH SCHOOLS WITHIN THE CITY TO INCREASE THE NUMBER OF STUDENTS ATTENDING POST-SECONDARY EDUCATION

Education Advocate Madrid gave an update on staff's efforts, activities and meetings since receiving Council's direction, all as contained in the staff report as submitted, and Councilmember Calhoun thanked Mr. Madrid for the report and encouraged staff to continue what they have been doing. There was no further discussion.

(10:00 A.M.) DIRECT STAFF TO NEGOTIATE WITH CLUB ONE FOR FIXED AND/OR REDUCED RATE PARKING IN PARKING GARAGE NO. 8 AND RETURN WITH ACTION OPTIONS BY THE CITY ATTORNEY'S OFFICE - COUNCILMEMBER DAGES

Councilmember Dages stated he scheduled this item as Club One was a little frustrated over the parking issue downtown, noted Club One was currently paying $5,000 and the city wanted to raise their rate but was giving them options and not a rate figure, stated Club One is a non-government entity downtown that employs 360 people and the city receives revenues from them in the amount of $1.4 million annually, and stated he felt there should be an agreement as soon as possible with a flat rate and made a motion to direct staff to negotiate with Club One to resolve the issue and give them a parking rate so they can compute that into their revenues, which motion was seconded by Acting President Perea.

Assistant City Manager Rudd and Parking Services Manager Estabrooke advised a personnel issue occurred that directly impacted the state of negotiations and advised staff would come back to Council within 30 days with an agreement for Council's consideration.

Robert Cherry, 1033 Van Ness, representing Club One, (4-0) stated they are one of the largest private employers in the downtown area and pay a substantial tax to the city regardless of their cost for doing business, noted none of their competitors in the business pay for parking and had advantages over them, and stated they had been paying a straight monthly fee to the city and he felt continuing with a constant fee would be in the best interest of the city and Club One.

Mr. Estabrooke, Mr. Rudd and Interim City Attorney Sanchez responded to comments/questions of Councilmembers Boyajian and Calhoun relative to this being a global issue, the Hilton Hotel situation and if parking was an issue, if it was possible for staff to keep Council updated on the Hilton issue, the extensive trail of letters and proposals going back and forth, what the outstanding issue was, negotiations occurring and concern with the motion sending a message that the city dropped the ball, if Council would be directing staff to do what they are already doing, and if the motion was saying staff stopped negotiating and without it staff would "sit on their hands".

On motion of Councilmember Dages, seconded by Acting President Perea, duly carried, RESOLVED, staff directed to negotiate with Club One to resolve the parking rate issue/negotiate an acceptable contract and return within 30 days, by the following vote:

Ayes : Boyajian, Calhoun, Dages, Perea, Westerlund, Duncan
Noes : None
Absent : Sterling

(11:00 A.M. #1) CONTESTED CONSENT CALENDAR:

(1-B) AUTHORIZE THE CHIEF OF POLICE TO ACCEPT THE ONE-THIRD SHARE OF THE CIVIL FINES COLLECTED BY THE COUNTY FOR TOBACCO VIOLATIONS THAT OCCUR IN THE CITY

1. RESOLUTION - 78TH AMENDMENT TO AAR 2006-286 TRANSFERRING THE PROJECTED $20,000 SHARE INTO THE DEPARTMENT'S PAL/LIFE SKILLS PROGRAM
Councilmember Calhoun stated he disagreed that the funds should go exclusive to the PAL/Life Skills program and stated this was a tobacco issue and he felt the money should be used 100% on a tobacco campaign targeting juveniles, with Deputy Chief Martin responding and advising how the $20,000 would be used in the program. Councilmember Calhoun reiterated he felt the money should be used for anti-smoking efforts adding the department would be a model on how to use those funds appropriately, stated the department had plenty of money for the PAL/Life Skills program, and made a motion to adopt the resolution with the $20,000 to be used by the Chief of Police to develop an anti-smoking public information campaign targeting juveniles, which motion was seconded by Councilmember Boyajian.

**147-169 5/16/06**

Captain West responded to questions of President Duncan relative to civil fines, if the fines were not specifically intended to go into anti-smoking efforts, if civil fines generally go into the general fund, if this issue was not comparable to the statewide anti-smoking initiative where cigarette taxes go to specific uses, and how PAL educates kids on the dangers of alcohol/tobacco use. President Duncan stated the use of the funds as recommended by staff was appropriate and he was supportive, and noting this resolution required 5 affirmative votes made a motion to table the matter to 3:00 p.m. for a full Council.

On motion of President Duncan, seconded by Acting President Perea, duly carried, RESOLVED, Item 1-B tabled to 3:00 p.m. for a full Council, by the following vote:

Ayes : Calhoun, Dages, Perea, Westerlund, Duncan
Noes : Boyajian

(1-M) **APPROVE CONTRACT FOR THE DOWNTOWN TRANSPORTATION AND INFRASTRUCTURE STUDY (DTIS)**

Councilmember Boyajian stated his concern was another downtown plan when there were already so many and not even implemented, and questioned if the other Council-approved plans would be looked at, what assurance there was this plan would be implemented at some point, and the funding source/if staff was seeking grant funds to conduct this study, with Transit Planning Manager Downs and Assistant City Manager Rudd responding throughout. Councilmember Boyajian reiterated his concern with the number of other plans but acknowledged this was a good plan and made a motion to approve staff's recommendation, which motion was seconded by Councilmember Westerlund.

Councilmember Calhoun stated Councilmember Boyajian was correct, advised he presented similar questions last time to the city manager who promised staff would report to council on how all these plans fit together, stated now here was another plan and he was hearing staff say this plan would somehow tie all the others together and he felt staff was not being fair to Council and was taking them for granted, and stated he would take the city manager on his word and made a motion to table this matter until a workshop is held on transportation planning in the city of Fresno. Upon call, the motion died for lack of a second.

On motion of Councilmember Boyajian, seconded by Councilmember Westerlund, duly carried, RESOLVED, the Director of Transportation directed to execute all documents necessary for the expenditure of $302,000 associated with the Downtown Transportation and Infraestructure Study (DTIS) project, by the following vote:

(1-Q) BILL - AMENDING THE FRESNO MUNICIPAL CODE RELATING TO CARD ROOM EMPLOYEES OR POTENTIAL EMPLOYEES (ADDING LANGUAGE TO ALLOW FOR THE DENIAL, REVOCATION OR SUSPENSION OF AN EMPLOYEE’S REGISTRATION PRIVILEGE IF THE EMPLOYEE OR APPLICANT HAS “ENGAGED IN” CERTAIN CRIMINAL CONDUCT)

Councilmember Westerlund stated the goal was straightforward and laudable but he had a problem with due-process requirements, i.e., wrong person/wrong name and also with the city possibly being sued if Council moves forth on this ordinance without criteria being set out on what establishes someone engaged in criminal.

Police Lieutenant Bennink and Interim City Attorney Sanchez responded and clarified issues relative to the investigations that are conducted, staff originally red-flagging those issues, and staff planning to return with a memo laying out procedural guidelines that would be followed and setting forth thresholds. Upon question of Councilmember Westerlund Mr. Sanchez stated staff could return in two weeks with that memo so Council could have it for consideration before taking action.

On motion of Councilmember Westerlund, seconded by Councilmember Boyajian, duly carried, RESOLVED, Item 1-Q tabled to June 6, 2006, for additional information from the city attorney's office, by the following vote:

(2-A) RESOLUTION NO. 2006-176 - IN SUPPORT OF ADDITIONAL ABOVE GROUNDWATER STORAGE AND EXPRESSING OUTRAGE OF THE ASSEMBLY SPEAKER’S TREATMENT OF ASSEMBLYMAN JUAN ARAMBULA - MAYOR AUTRY, PRESIDENT DUNCAN AND ACTING PRESIDENT PEREA

Acting President Perea gave a brief overview stating it was important to send a message of support for Assemblyman Arambula and also a strong bi-partisan message of concern at how Sacramento treats the central valley, and made a motion to adopt the resolution.

Chief of Staff White noted Council previously passed a resolution in support of additional surface water storage and stated this was a continuation of that, stated what happen to Assemblyman Arambula was very unfortunate and the city needed to take a stand now and send a message that it was very inappropriate to treat an elected official who was doing what his constituency asked to do in such a demeaning and demoralizing way, and requested Council's support.

President Duncan stated it was not fun to do these types of resolutions but sometimes it was necessary, stated the valley needed to take a stand and say "we've had enough", added what Assemblyman Arambula did was appropriate and what happened to him was very unfortunate, stated on the other side the city needed to move forward on additional groundwater storage as the situation was critical now
and would be devastating in the future, and advised yesterday he received a copy of a resolution similar to this one that was adopted unanimously by the Madera County Board of Supervisors.

Councilmember Boyajian stated he supported Assemblyman Arambula and always has but he was not going to get involved in this stating what the Speaker did was partisan politics and getting into democratic partisan politics was not what he was elected to do, and added this resolution may hurt more than help. Councilmember Dages stated this was easy to support and he felt the resolution would also send a message to the assembly and senate that it was time to quit partisan politics, quit voting straight down democratic and/or republican lines, and it was time to do what is right for constituents and taxpayers and added Assemblyman Arambula did just that, and advised he was going to send a letter to the state himself with that same request. Councilmember Calhoun stated Councilmember Boyajian made some good points, stated he was surprised and disappointed to see the water issue conveniently tied into the Arambula issue and that was of concern to him, advised he voted against the Temperance matter when it was before Council as he felt it was not noticed properly for public input, stated he would not support the resolution (1) because of the dam issue and (2) because this was a partisan issue and it was not Council's role to tell Sacramento what to do, (5 - 0) and stated he was an independent and was in a non-partisan office and he would follow Assemblyman Arambula's lead and abstain on this "very flawed resolution".

147-172 5/16/06

Councilmember Westerlund stated this was anti-democracy and not partisan, stressed the people of the valley sent a representative to represent their interests and Assemblyman Arambula and everyone in the valley got slapped in the face for it, stressed whether you do or don't play hardball politics you have a right and a duty to represent your constituents the best you can, and stated the insolence and the arrogance of the Speaker doing what he did was beyond pale which was way he was supporting the resolution. Councilmember Boyajian stressed this was democratic/republican county and one better do what his party tells him to do when getting into these kinds of races, added former Assemblyman Mike Briggs could not even get reelected for trying to help his area, stated one of the most important things in partisan politics is to go with the party line and added people get "slapped in the face" all the time for not doing what their platform says they are going to do, and stated he was amazed at what he was hearing.

President Duncan thanked Assemblyman Arambula for his stand and stressed it was time for the senate and assembly members wake up and understand the people of the central valley are not going to sit down and behave themselves on the plantation anymore but are going to fight and speak up and not take being treated like second class citizens.

On motion of Acting President Perea, seconded by President Duncan, duly carried, RESOLVED, the above entitled Resolution No. 2006-176 hereby adopted, by the following vote:

Ayes : Dages, Perea, Westerlund, Duncan
Noes : Boyajian

(2-B) DISCUSSION AND DIRECTION ON THE DOWNTOWN VACANT BUILDING INVENTORY REPORT

Councilmember Calhoun read the background portion of his memo as submitted into the record, commended staff on their detailed report, noted there were 118 vacant buildings encompassing almost two million square feet and elaborated, distributed material and spoke to the city of Boston's success with their abandoned buildings, recommended staff be asked to expand the current report by coordinating with the city's economic development department and the Redevelopment Agency and return with recommendations, possibly using the Boston model for benchmarking and reporting, and stated hopefully staff can break down this extensive report into additional categories and look at what Boston or other cities have done, in targeting the owners of vacant buildings.

Councilmember Boyajian thanked Councilmember Calhoun for bringing this forth, stated one thing missing that he hears is a problem is getting through the permitting process and added it might be best to coordinate with the planning & development department, and presented questions relative to whether staff looked at other models when establishing the vacant building ordinance, if the Boston model was looked at, staff's aggressiveness and success and if there were any statistics on the reduction in the number of vacant buildings, if it would be possible for staff to report in a workshop setting on what has been accomplished, if planning & development could look at this issue, the importance to all to revitalize downtown and if there were any plans to expedite the permitting process, and if Councilmember Calhoun's intent was to bootstrap on what staff has done/is doing, with Interim Code Enforcement Manager Robinson, Planning & Development Director Yovino and Councilmember Calhoun responding throughout. Councilmember Calhoun stated the city's ordinance pretty much dealt with abandoned buildings and he wanted to target safe vacant buildings, stressed the city had a huge, serious
problem and added in his 6 years on Council he had not seen any progress downtown, stated people did not want to do business downtown and he was challenging Council and staff to stop whining and do something, stated the private sector drives these things and reiterated his recommendation for staff to look at Boston, and concluded stating he was very pessimistic and the message he had was this was bad news.

President Duncan stated not everyone was quite as pessimistic and pointed out the Forest City and Chinatown projects took care of a lot of the vacant square footage in the report, stated downtown changes don't happen overnight and spoke to the progress that has been made including housing projects, and stated he looks at downtown's future and is very excited and added the important thing was to keep the momentum going and solve issues as they arise. Acting President Perea concurred, stated he understood the frustration and acknowledged there were a lot of vacant buildings that had great opportunities but concurred good, positive things were happening downtown, pointed out the first mixed use housing project would be opening for rent to the public next month and added he looked forward to becoming a downtown homeowner in the future, and encouraged everyone to visit downtown and take a walk, especially during the summer evenings, stating a lot was going on. There was no further discussion.

1. RESOLUTION NO. 2006-179 - 78TH AMENDMENT TO AAR 2006-286 APPROPRIATING $20,000

President Duncan clarified this item was tabled to this time for a full council due to the need for 5 affirmative votes and upon his question Interim City Attorney Sanchez stated the motion that was made prior to the item being tabled stood. Upon question of Councilmember Sterling, Councilmember Calhoun stated the fines collected were from tobacco and alcohol violations, the police department was recommending the funds go into the PAL program for general purposes, and clarified he was supportive of PAL but believed the money should be used for an anti-smoking campaign targeted at juveniles and not on a broad-based program.

Upon question of President Duncan, Deputy Chief Martin explained what PAL does besides field trips, what it does to help at-risk youth, and how this $20,000 would help the program. Councilmember Westerlund spoke in support of staff's recommendation stating what PAL does is very specific -- targeting kids who may abuse substances, and stated an anti-smoking campaign was too broad. Councilmember Calhoun concurred there were fundamental differences but clarified he felt a strong message needed to be sent to kids, to the merchants who sell to kids, and to parents rather than being used on a few middle school students and further elaborated. Councilmember Boyajian clarified no one was against PAL, noted about a year ago a Council majority approved about $20,000 for anti-graffiti efforts, and stated he agreed with Councilmember Calhoun on the need to go into elementary schools where it starts and get the message out early about the detriments and seriousness of smoking.
A motion of Councilmember Calhoun, seconded by Councilmember Boyajian, to adopt the resolution with the $20,000 to be used by the Chief of Police to develop an anti-smoking public information campaign targeting juveniles failed, by the following vote:

Ayes : Boyajian, Calhoun
